9th March 2011

Ausroad Systems
PO Box 1200
ARCHERFIELD QLD 4108

Attention Shari Dunlop

Dear Shari,

Re: Reference Request

I am writing to acknowledge receipt of your letter dated 10th February 2011 regarding your request for a reference letter.

The District Council of the Copper Coast South Australia would like to thank you for your excellent service and support provided by AUSROAD since the Council purchased the Jetpatcher in March 2009.

The Jetpatcher is used extensively for pothole repairs, edge breaks, reinstatements, footpath work, sealing of various areas, repairs to pavement ready for reseal and wheel rutting repairs.

The Council would highly recommend the Jetpatcher to any Council or Shire that were looking at buying or hiring a unit.

Some of the advantages of the Jetpatcher are – it requires only one operator, working in comfort and safety whilst in the vehicle, cost savings, less staff to do repairs, OH&S issues. The Jetpatcher can also do more work in one day that would normally take at least one week to complete by other means.

We thank you again and look forward to continued support and service in the future.

Yours faithfully,

Greg Munzer
Maintenance Supervisor
District Council of the Copper Coast
